

A Message from Our Moderator

April 2010

Dear Immanuel Family,

Spring is in the air, and so begins the ritual that many of us do when this time of year rolls around...re-discovering our neighbors.

After months of snow and cold, and all that time we spend indoors, the rush of warm weather suddenly takes us outside, and re-connects us with the people that we live so close to, yet do not see during those dark and cold months. How the neighbor kids have grown! And how all our waistlines have grown during our hibernation!

As we visit with our neighbors, we have an opportunity to tell them not just about what we've been doing all winter, but where we've been doing it – is this our opportunity to invite them to church with us? Maybe they're looking for a church home, or just a facility to host that Birthday Party or Shower. Either way, there exists a chance to tell those around us about the family we have at Immanuel, and to invite them in to experience our church family.

Rodger McDowall
